

Buy old issues of Holdfast to complete your collection

Holdfast is talked of as the best unit newsletter in Australia. It has that sense of Sapper mischief and black humour that was such a part of our lives way back then. And yet it is filled with respect for the role played by the men in the Field Troops of the RAE in Vietnam. And

behind all this is our affection for our beloved 1st Field Squadron and the Corp, plus our sense of duty to the men we served with, particularly those who did not come home, or who came home terribly wounded. Don't miss an issue of this extraordinary publication.
